

DRIVING INNOVATION TOGETHER

INSPIRATION, CUSTOMER-DRIVEN PRODUCTS,
AND VISIONARY LEADERSHIP
PUTTING INNOVATION IN MOTION.

JB POINDEXTER & Co

Solutions Shaping the Future

At the forefront of commercial trucking and manufacturing, we've united the industry's best-in-class businesses to co-create products that not only enhance vocational performance but also drive innovation forward. Through strategic collaboration among our business units, we have seamlessly integrated top-tier vehicles with custom-tailored upfits, trusted chassis, and a state-of-the-art digital infrastructure—setting new standards for vocational performance and shaping the future of our industries.

EAVX

TECHNOLOGY AND INNOVATION

EAVX is the technology and innovation hub of J.B. Poindexter & Co. (JBPCO). EAVX collaborates with chassis manufacturers and technology innovators to optimize the design and manufacture of next-generation commercial vehicles. Its holistic approach to integration, deployment and serviceability empowers the world's leading fleets to meet higher standards for sustainability and performance — transforming the road ahead.

COMMERCIAL TRUCK BODIES
